Subject: response to comments document from the editor
Attachments: Additivity Report_Comment Response_TrackChanges (JCS 7-11-19).docx

Here is the version with the editor's comments and my responses. However, you won't see any of the editor's text inserts that I rejected, mostly acronym and abbreviation expansions within the reviewer comments, so you'll have to trust me on that, at least until I can find the original file from the editor.
